

Table 1 Some rice germplasm with salt tolerance

Name of variety (line)	Source	Leading features
Mantaro rice	Japan	Salt-tolerance, cold resistance, high protein content
Guandong 51	Japan	Salt-tolerance, high yield, high quality
Binren	Japan	Salt-tolerance, high quality, high yield, wide adaptability
Zhuziqing	Japan	Salt-tolerance, medium japonica
Lansheng	Japan	Salt-tolerance, high quality, wide adaptability
U.S.Rice	America	Salt-tolerance, high quality, good eating quality
IR46	Philippines	Salt-tolerance, high quality, late indica
IR4422-28-5	Philippines	Salt-tolerance, high quality
Pokkali	Sri Lanka	High salt-tolerant, wide adaptability
Kala Rata 1-24	India	Salt-tolerance
Bhura Rata 4-10	India	Salt-tolerance
BRI	Bengal	Salt-tolerance
BR 203-26-2	Bengal	Salt-tolerance
Sail	Bengal	Salt-tolerance
Jingnuo 8	China	Salt-tolerance, cold resistance, good plant architectonics, high yield , high quality
Linyi tangdao	China	Medium salt-tolerant, drought-enduring, high quality
Bairizao	China	Salt-tolerance, poor agronomic traits, can be used as salt-tolerant parents, medium indica
Xiaojingdao	China	Salt-tolerance, late japonica
Cun-an lengshuibai	China	High salt-tolerant, medium indica
80-85	China	Salt-tolerance, high yield, medium bacterial blight resistance, medium indica
Zhuxi 26	China	Salt-tolerance, high yield, early indica
Sunuo 1	China	Salt-tolerance, medium indica, good agronomic traits
Zhengxian 139	China	Salt-tolerance, medium indica
Nanjing 570	China	Salt-tolerance, medium japonica, good economic traits
Haoanxie	China	High salt-tolerant, indica
Zhuguang 23	China	Salt-tolerance, high yield, wide adaptability, early indica
Zhuguang 29	China	Salt-tolerance, high yield, wide adaptability
Taihuzaao	China	High salt-tolerant, poor agronomic traits, early indica
Aijiaolaolaiqing	China	Salt-tolerance, late japonica
Jiucaiqing	China	Salt-tolerance, high quality, easy lodging, can be used as salt-tolerant parents
Maxiangu	China	High salt-tolerant, indica
Maodao	China	Salt-tolerance, high yield
Hongmangxiangjingnuo	China	Salt-tolerance, high quality, easy lodging, can be used as salt-tolerant parents
Erzaobaigu	China	High salt-tolerant, indica
Hongkenuo	China	Salt-tolerance, poor agronomic traits
Meimanggui	China	Salt-tolerance, poor agronomic traits, can be used as salt-tolerant parents
Longjianghong	China	High salt-tolerant, indica
Dahonggu	China	High salt-tolerant, indica
Huangjingnuo	China	Salt-tolerance, easy lodging, can be used as salt-tolerant parents
Dayangu	China	High salt-tolerant, indica
Yingyang 1	China	High salt-tolerant, high quality, medium japonica
Xigu	China	High salt-tolerant, indica
Wanmanzao	China	Salt-tolerance, poor agronomic traits, can be used as salt-tolerant parents

Continuing table 1

Name of variety (line)	Source	Leading features
Shengshuilian	China	Salt-tolerance, waterlogging-tolerant(deep water), strong resistance to disease and insect, late indica
Xianzhan	China	Salt-tolerance, waterlogging-tolerant(deep water), strong resistance to disease and insect, late indica
Damangdao	China	Salt-tolerance, high yield
Laohuangdao	China	Salt-tolerance, high quality, easy lodging, can be used as salt-tolerant parents
Gaoliangdao	China	Salt-tolerance, high yield
Liaoyan 2	China	High salt-tolerant, high yield, wide adaptability
Changbai 7	China	Salt-tolerance, high quality, good agronomic traits
